

Plug-in LED Under Cabinet Light

PRODUCT DESCRIPTION

This under-cabinet LED light is a direct replacement for standard fixtures, featuring an on/off switch and a 5 CCT selector (27k, 30k, 35k, 40k, 50k). Ideal for apartments transitioning to LED, it offers efficient, maintenance-free lighting. Perfect for homes, offices, and displays, it provides focused illumination for tasks and accents, with a sleek design that seamlessly fits under cabinetry.
