

6 in. Ultra-Thin Can Recessed Light

PRODUCT DESCRIPTION

This 6-inch ultra-thin can recessed light is perfect for new construction, remodels, and retrofit installations without requiring any hardware. Its ultra-slim design allows installation in places where traditional LED can lights can't fit. You can easily choose your preferred color temperature directly on the fixture. With a simple switch, select from 5 color temperatures ranging from warm (2700K) to daylight (5000K) before installing it in your ceiling. This LED recessed light features a soft lens that provides uniform illumination.
